About Textainer Group Holdings Limited

Textainer has operated since 1979 and is the world's largest lessor of intermodal containers based on fleet size. We have a total of more than 1.3 million containers, representing over 2,000,000 twenty-foot equivalent units (TEU), in our owned and managed fleet. We lease containers to more than 300 shipping lines and other lessees. We principally lease dry freight containers, which are by far the most common of the three principal types of intermodal containers. We have also been one of the largest purchasers of new containers among container lessors over the last 12 years. We believe we are also one of the largest sellers of used containers, having sold more than 85,000 containers in 2007. We provide our services worldwide via a network of 14 regional and area offices and over 300 independent depots in more than 130 locations.
